

BEST PERVASIVE SYSTEM AWARD

THIS CERTIFICATE IS PROUDLY PRESENTED TO

*Mansi Bhardwaj, Afeef Ahmed Mohamed Abdulla, Sina Shariati, Hari
Sahar Ravi Kumar, Ming-Hua Hsieh, and Andrea Battarelli Martini*

The Award for Best Pervasive System is given to Group 6 for their ambitious hardware integration, successfully multiplexing multiple IMUs across the body, and their highly robust, real-time posture classification. This project was developed and demonstrated as part of the Pervasive Computing course project at the University of Twente in April 2026.

ASSOC. PROF. ÖZLEM DURMAZ INCEL
